

# Be the Illustrator

Imagine you're the illustrator for "Into the Cloud."  
Describe then draw what you think will be the opening scenes of Season 2, after Nettie and Webster enter the lab!

**Season 2 begins...**

---

The illustration area is a large, irregular shape defined by black outlines. On the left side, there is a rectangular box with a black border containing the text "Season 2 begins..." followed by five horizontal lines for writing. This box is connected to the main drawing area by a diagonal line that forms a speech bubble shape. The rest of the area is a large, empty space for drawing, with several diagonal lines that create a sense of depth and perspective, suggesting a 3D scene or a specific angle of view.
